

INTECH

Utah Mathematics Teachers,

Join us for InTech '08 (Integrating Technology)!

- June 23-25 or July 21-23.
- Work three days in SLC (hotels covered for two nights if you travel more than fifty miles).
- Collaborate in teams with colleagues throughout the state with support from a network of InTech mathematics teachers.
- Develop technology projects or lesson series for your chosen course—algebra, geometry etc.
- Prepare to implement your projects along with projects developed by other teams.
- Plan internet assignments, student and teacher online collaboration, and student e-portfolios.

Receive training, materials and support to facilitate online collaboration and technology integration.

Please register online at <http://www.carbon.k12.ut.us/forms/intechReg.php>.
